An Introduction to International Criminal Law and ... International humanitarian law (IHL) is the discipline of international law that is inspired by considerations of humanity and the mitigation of human suffering. It comprises a set of rules, established by treaty or custom, that seeks to protect persons and property/objects that are (or may be) affected by armed conflict and limits the rights of parties to a conflict to use methods and means of warfare of their choice. Introduction to international law - GSDRC Definition and scope. According to Bentham's classic definition, international law is a collection of rules governing relations between states. It is a mark of how far international law has evolved that this original definition omits individuals and international organizations —two of the most dynamic and vital elements of modern international law. Furthermore, it is no longer accurate to view international law as simply a collection of rules; rather, it is a rapidly developing complex

... international law | Definition, History, Characteristics ...
